THE GEORGE COBLEY Co. General Merchants Frank

Hat Pins

made out of
Real
Roses

WE Recently received a new, big shipment of Everley's well known trunks and suit cases. These are now on sale.

Also We take pleasure in calling your attention to the fresh lot of candy just in, including Cadbury's cremes and milk chocolate. Cowan's milk chocolate, McCormick's chocolates, etc.

Real Rose Hat Pins

It does not seem possible, yet it is true, that these Hat Pins are made out of five roses, and changed into metal by a secret process. Each rose is a perfect copy of the real rose, and the most beautiful of its kind. They are the most beautiful of all hat pins. No two are alike. Made to conform to the prevailing fashion in millinery. See also at the following prices:

\$1.50, \$2.00, \$2.50,

\$3.00, \$3.75, \$4.50

Everybody is talking about them. Don't fail to come in and see them. There are the genuine DELAMOTHE Real Rose Hat Pins.

AGED PIONEER WOMAN LOST

MRS. ROBERT CONNELLY, DEPARTED, WANDERING INTO THE WILDS.

DEAD MOST PROBABLY

Left Home Near Bellevue Saturday Afternoon—No Trace of Her Yet Found Search Parties Scour Country Unavailingly.

One of the saddest misadventures that has ever befallen a resident of The Pass is reported from Bellevue. It has no doubt on this resulted in the death of Mrs. Jane Connelly, wife of Robert Connelly, well known pioneer of this district. Mrs. Connelly whose mind has been feeble for a long time, wandered from her home Saturday afternoon and has not been found. It is considered almost a certainty that she has succumbed from hunger and exposure before this.

It has been almost two years since Mrs. Connelly commenced to show signs of a failing mind. Since that time her mental faculties have steadily become more and more clouded until for nearly a year she has been considered an insane person although she has shown temporary brief periods of lucidity. Quite naturally Mr. Connelly disliked the idea of placing her in an asylum, preferring to remain at home and care for her and this has done for fully a year, being unable to leave home for any length of time to attend to business or even do his own work on the farm. Frequently she would get out of his sight but he always found her quickly and as she was harmless he never feared any serious mishap.

Saturday, however, she escaped from his sight for a few minutes and when he missed her, he this time failed to find her. Mr. Connelly had been reading to amuse her during the afternoon. Between four and five o'clock she got up and went out of the house and as she was wont to gather eggs or feed the chickens, Mr. Connelly thought nothing of her absence for some minutes. Perhaps twenty minutes had elapsed when he decided he had better look her up and went out. He did not find her in any of her accustomed haunts and on extending the search, met Mrs. Mari of Bellevue who told him she had met the old lady near the railroad track about half a mile from the house.

Becoming alarmed, Mr. Connelly had telephone messages sent in all directions and kept up a diligent search until night, assisted by a few friends but the unfortunate old lady could not be found.

Sunday morning the search was renewed and the police were notified. One constable was sent out to assist and a few more friends joined in the search but nothing like the number of volunteers enlisted their services that might have been expected. The day passed without any trace of the woman being found. Monday two constables were out and a greater number of volunteers assisted. That evening a hankerchief which Mr. Connelly identified as belonging to his wife, was found in the hills north of the slide, in a windfall so thick it seemed impossible any but a vigorous young person could have gotten through it. No further trace of any kind has been discovered.

As there are many known cases of insane persons wandering for days without food or shelter, it is just possible the old lady may be still alive but it is not considered in any manner probable, particularly since the snow of Tuesday night as she was very thin and very feeble. All hope of finding her alive has therefore been abandoned.

Mrs. Connelly was the first white woman to make her home in The Pass, Mr. and Mrs. Connelly came here May 22nd, 1892. They were then practically the only settlers. Mr. Connelly conducted the then Bankers, the old log structure still standing, as a stopping place and there was rude provision for giving baths. Mr. Connelly ran the

ELECTION OCT. 28TH.

Following a cabinet meeting held last Thursday afternoon, parliament was dissolved and the election set for Oct. 26th. Nominations will be made Oct. 19th.

The government is going to the country with the utmost confidence that its policies will be approved. Basing judgement on news reports from every part of the dominion, there seems no room to doubt that the present government will be returned to power.

CHURCH FOR BELLEVUE

Bellevue is to have a church and at once. It is to be of the Methodist denomination and will be on the institutional plan, similar to the Presbyterian church at Coleman.

Announcement to this effect is authorized by the Rev. H. Haddon, Methodist missionary who has labored assiduously in this field the past two years and to whose efforts is due the decision of the church authorities to erect an edifice at Bellevue.

The West Canadian Collieries has donated a lot for the purpose, 80 by 100 feet in size. The building is to be frame and will be 24 by 50 feet in dimensions. There will be two rooms at the rear to be devoted to the purposes of club rooms and the rest of the structure will constitute the church proper.

The contrast for building the church has been let to Frater & Sinclair of Blairmore and a portion of the material is already on the ground. It is expected that building operations will begin today.

The Rev. Haddon stated yesterday that the program for Bellevue will not interfere with the plans of the church for building in Frank, that the appropriation has been made for Frank and that an institutional church will also be built here in the near future.

Out-of is graded.

John Kelly & Sons of Winnipeg, have been awarded the contract for the C. P. R. bridge over the Old Man river at the Macleod-Leith bridge cut-off. The bridge is to cost \$300,000 and will be of the same type as the bridge being built at Leith-bridge. The grade from the Old Man river to Macleod has been completed and some of the steel is already in place. The whole line to the end of the bridge at Leith-bridge will be completed by the time the bridge is finished.

NOTICE

Take Notice that, under the provisions of sect. 222, Chap. 37, revised statutes of Canada 1906 the Canadian Pacific Railway company intend to apply to the Board of Railway Commissioners for Canada, after the expiration of four weeks from the date of the first publication of this notice or as soon thereafter as the application can be heard, for authority to construct, operate and maintain branch lines as business spurs for the Rocky Mountains Cement Co. commencing from a point on the Crow's Nest branch of said railway at Blairmore, Alberta, and measured 481.4 feet westerly along center line of said branch from its intersection with the western limit of 12th avenue running from thence in southeasterly direction, crossing block 8, Main street, 12th Avenue and Chatham Street to and into the property of the said Cement Co. distances of 1244.4 feet and 860 feet from head blocks the location of which said proposed branches is more particularly shown on a map or plan, profile and book of reference deposited in the Calgary Land Titles office on the 12th day of September 1906 as No. "Ry. 141" notice of which deposit is also hereby given pursuant to the provisions of the said section.

Dated this 17th, September A. D. 1906.

W. R. Baker, Secretary.

place for five years after which he settled on the homestead adjoining the present townsite of Bellevue where they have resided the past eleven years.

Mr. and Mrs. Connelly were married about twenty years ago last Tuesday. They never had any children. Mrs. Connelly was seventy three years of age.

H. L. FRANK'S WILL FILED

LAT TESTAMENT OF FRANK'S FOUNDER PRESENTED TO COURT.

TO CLOSE RELATIONS

Left Entire Property to Father, Mother Sisters and Brother—No Other Bequests of Any Kind Made—Written Twenty-Five Years ago by Himself.

Henry L. Frank's will, made more than 25 years ago, was filed for probate in the district court, at Butte, Mont. last week. The document is in Mr. Frank's own handwriting, on legal cap paper, and takes up just two pages. By it he leaves his father or one fourth of his property, his mother one fourth and the other half goes to his sisters and brother, these relatives will get an equal portion, as his father preceded him to the grave. For a document more than 25 years old, the paper is in splendid condition. The will in full reads:

"I, Henry L. Frank, of Butte city, in the territory of Montana, being of sound and disposing mind and memory, do hereby make, publish and declare this to be my last will and testament, and revoking all former wills and codicils thereto, heretofore made by me:

"Item first—I direct the payment by my executors hereinafter named, of all my just debts and funeral expenses.

"Item second—I direct that all my property, whether the same be real, personal or mixed, and whenever the same shall be situated, be divided into four equal shares or parts, which I give, bequeath and devise as follows, to-wit: One part to my father, one part to my mother, and the remaining two parts or shares to be equally divided between my sisters and brother, share and share alike.

"Item third—In case of the death of either of my parents at the time of my death, then his or her share to be divided equally between my sisters and brother.

"Item fourth—I nominate and appoint my friend James Ross Clarke, and my father, Moses Frank, and brother-in-law A. W. Goldsmith (the first named being of Butte city, Montana territory, my father being of Pomeroy, Ohio, and my said brother-in-law being of Cincinnati, Ohio), to be the executors of this, my last will and testament, and request that no bond be required of them in the discharge of their trust.

"Item fifth—In case of the death or disability to serve or resignation of either of the aforesaid executors then the survivors of those who may qualify to carry out this trust.

"Item sixth—In case the laws of Montana should prohibit a non-resident from serving as executor, then and in such case, I request that my said father and brother-in-law act as trustees under this will without bond, and request my executor, so qualified to act in conjunction with said trustees in the disposition of my estate and in the settlement thereof.

"In testimony whereof, I have hereunto set my hand this 10th day of Feb. 1883.

Henry L. Frank

"Signed and acknowledged by said testator to be his last will and testament in my presence and in the presence of each other, who, at the request of said testator have subscribed our names and witnessed thereto in his presence and in the presence of each other.

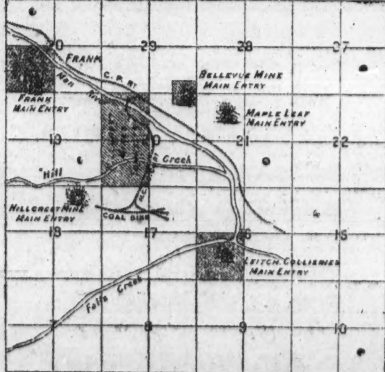

"E. M. Johnson,

Both the witnesses are dead.

Walter Fingland, coal inspector for the C. P. R. in Frank before the slide paid a visit to old friends Saturday. Mr. Fingland since leaving Frank has completed homestead duties and now has a fine farm in the (unlucky) district.

HILLCREST THE PITTSBURG OF CANADA.

Sketch showing exact location of Townsite of Hillcrest Mines, Alberta.

This townsite is the hub of this coal district

The town of Hillcrest is situated within less than one mile of the main entrance of the Frank mine, within three quarters of a mile of the Bellevue mine, within three quarters of a mile of the Maple Leaf mine, within three quarters of a mile of the Leith Collieries and within one half mile of the Hillcrest mine.

The Townsite Will be Open Shortly.

An hotel costing two thousand dollars has just been finished and the furniture is being installed. There are already forty-seven buildings in the town. The Hillcrest Mine payroll averages between \$18,000 and \$30,000 per month while the combined payroll of the mines surrounding the town runs to about \$100,000 per month, all from mines within one mile of town. Prices of late will be announced shortly. Hillcrest coal has been on the market for two years and has by all tests proven itself the highest grade steam coal in Canada. It burns a white ash and is absolutely free from clinkers. For further particulars apply to

THURSDAY, SEP. 24, 1908.

IT IS TO LAUGH.

The Coleman Miner, the personal organ of John Herron, in its efforts to beguile the people of The Pass into the belief that it is to their interest that Mr. Herron should be returned to the house, is bringing the laugh on itself with each succeeding issue. The Miner started in by asserting in a general way that Mr. Herron had accomplished many things for the benefit of his constituency, particularly with regard to but a single action. THE FRANK PAPER being unable to recall more than the one particular thing which had brought any sort of result, asked the Miner to furnish a bill of particulars. In last week's issue the Miner devotes about half a column to an attempt to furnish the specific instances of Mr. Herron's effective work; during the course of which it states that he made a speech in favor of shutting out Chinese and Japanese and offered a resolution to provide that men working for wages might satisfy home-staying requirements by having their families live on the land. And that is the sum total of the Miner's list of things John Herron has done during four years in the House of Commons. We asked the Miner to specify actions which produced some concrete result. This is its reply: "One feels much like smiling that such a record should be offered as a basis for returning a man to parliament as an effective member."

Then the Miner raised the point that Mr. McDonald, the liberal candidate was a holder of land leases as being a reason why he should not be elected while it asserted that Mr. Herron had no such leases and no interest in any. THE FRANK PAPER showed the exact opposite to be the truth that Mr. McDonald holds no leases and has only a small interest in any while John Herron holds two such leases. Then the laugh was on the Miner again.

Next the Miner devoted a column to Mr. Herron's attitude toward the Asiatic question and this time the laugh becomes a guffaw. It is undoubtedly very funny. The Macleod Chronicle supplies the facts which excite the risibilities in relation to the Miner's article on Mr. Herron's advocacy of the principle of "Canada for the white man." The Miner quotes from Mr. Herron's speech in the house in which he tried to make it appear that he is unalterably opposed to admitting the Orientals to Canada to compete with the white laborer. The Chronicle shows beyond the possibility of a doubt that Mr. Herron was actually elected by the votes of Chinese who were naturalized for the express purpose of voting for him, thus proving quite conclusively that Mr. Herron is neither a sycophant capable of making a purely grand stand play for support from the working man or that he is a base ingrate. There can be no middle ground to take; he must be one or the other, that is if the Miner has not misquoted him.

It is well known that just prior to the last general election, large numbers of Chinese were naturalized in this constituency. The Chronicle has taken the trouble to look up the records and reproduces from them a list of fifty-six Chinese all of whom were naturalized just in time to vote at the 1904 election. In each instance it will be noted, a very well known conservative, and ardent party worker and friend of Mr. Herron stood sponsor for the applicant for citizenship papers, gave him a certificate of good character and as there can be no doubt, paid the naturalization fee. Here is the list: Hoy Yip, A. E. Moore, 18th Oct. 1904. Mr. Nisk, C. F. P. Conybeare, 17th Oct. 1904. Quong Yung, C. F. P. Conybeare, 16th Oct. 1904. Long Sun, Wm. Laurie, 15th Oct. 1904.

When one reads this list and realizes that many more Chinese were naturalized to vote for Mr. Herron, in all probability, it is to laugh when Mr. Herron's party friends seek to parade him as the great friend of the laboring man who would keep out the Orientals to keep them from competing with him.

THE FRANK PAPER does a lot of quarrel with Mr. Herron and his conservative friends for having naturalized the Orientals to vote for him. That was his and their undoubted privilege if they chose to do it but having done it they must accept the consequences. In the light of such a record they are unwise to hold him up as the friend of the worker and opposed to Chinese by so doing they, as said, brand him as either a sycophant or as being capable of the basest ingratitude to their poor clients.

But why not drop this poycock about such questions, the charges of graft etc which they know to be untrue and discuss the issues on their merits. Sir Wilfred Laurier is going to the country on distinct issues, approval of the new land act, the Hudson Bay railroad and that great of loans to the farmer, free rural mail delivery. Why not be honest and appeal to the people on the basis of issues such as these? Why not the cause they have got them. That is the reason the liberal party will be returned and why Mr. McDonald is going to be elected to strengthen the hands of Sir Wilfred Laurier, and Frank Oliver—and incidentally to get something tangible for this place.

**SYNOPSIS OF CANADIAN NORTH-WEST
HOMESTEAD REGULATIONS**

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 3 and 36, not reserved, may be homesteaded by any person who is sole head of a family or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situated.

The homesteader is required to perform the conditions connected therewith under one of following plans:

(1) At least six months residence upon and cultivation of the land in each year of the three years.

(2) If the father (or the mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for the requirements as to residence may be satisfied by such person residing with his father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of the homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months notice in writing should be given to the Commissioners of Dominion Lands at Ottawa of intention to apply for patent.

Frank News in Brief

Alex Goyette, dealer in furniture and wall paper.

The Calaman repertoire and vaudeville company play the Blairmore opera house tonight.

Miss Grace and Harry Kribs, niece and nephew of L. W. Kribs arrived from Wisconsin the last of the week and will visit some time in Frank.

Mr. Lloyd and Miss Horne of Coleman were united in marriage at Knox church Friday evening, the Rev. Haddon officiating.

The local railroad yards have been well filled this week with Spokane passenger cars after coal from this district for the Corbin road.

Superintendent J. A. Johnson of the coal company left last evening for Spokane where he will meet Managing Director Gebro.

J. B. Kelsey of the Lethbridge Herald mechanical staff visited Frank the last of the week and was a welcome caller at the office of THE FRANK PAPER.

The Rev. H. Haddon, Methodist missionary in charge of this field the past two years, preached his farewell sermon to a large congregation Sunday evening. Mr. Haddon goes at once to Toronto to pursue his theological studies. Mr. Hyslop will take Mr. Haddon's appointments Sunday next. The Rev. T. Taylor who has been appointed to succeed Mr. Haddon will reach Frank in time to take the pulpit Oct. 4th.

The Maple Leaf company is making highly satisfactory progress in the development of its mine below Bellevue. The main entry is now in about 700 feet and the fourth seam is about to be tapped, the third, a small seam, having been passed some time since. The company is now in a position to market between 300 and 400 tons a day but is not doing so owing to the car shortage.

Millinery is forging ahead these days. In addition to the recent opening of one of the finest hotels in the district, two stores will soon be ready for business. One is that of T. H. McLean, mentioned last week, which is to be in a two story building, the lumber for which is already on the ground and the other will be opened by Mrs. Ridd of Bellevue who will also build a two story building. Barring the car supply which is keeping the company far behind in the filling of orders, everything in the camp is progressing swimmingly.

Walter Fisher has been appointed a commissioner for taking affidavits.

C. V. O'Hara left Tuesday on a hunting and fishing trip to the South Fork.

Alex McLeod of Lille returned Saturday from a trip to the old country.

The West Canadian Collieries has about completed its new tipple at the Bellevue mine and will be putting coal over it in a few days.

A farewell social was held at the residence of Mr. Wilcox at Bellevue Tuesday evening in honor of the Rev. H. Haddon. It was a very pleasant occasion. Mr. Haddon was the recipient of a well filled purse.

The tenth of September anniversary did not arrive on schedule this year but is here now. Snow commenced falling Tuesday night and a lovely coat of the beautiful now mantles the earth hereabouts.

The young men of Bellevue are organizing an orchestra and Monday evening gave a dance at the town hall to raise funds to buy instruments. The affair was a most pronounced success and a goodly sum was realized.

Dr. Bechtel of Lille who was recently debarred from practicing medicine in Alberta by the college of physicians and surgeons, was before Inspector Belcher in police court Saturday on a charge of practicing without a license. Dr. Bechtel testified that he has not practiced for pay since being debarred and only attended some cases gratuitously where the patients specially desired him. He was discharged with a warning that he must not practice at all.

One of the most wonderful discoveries of recent years is the process of metalizing vegetable substances. This is a discovery of Prof. L. G. Delanoche, a noted French Electro-Chemist, who, after five years of arduous labor and at great cost, perfected what scientists have labored for a hundred years to produce. One of the many novel purposes for which this secret process is used is the metalizing of roses, by which the roses are actually turned entirely into metal, and then finished in attractive colorings and mounted on hat pins. Of course there are no two roses alike, for no two roses are the same. It is difficult to conceive anything more beautiful or artistic.

HEALTH Without MEDICINE

HEALTH CAN BE SAVED BY THIS NEW METHOD

Dr. H. Sanche

Mrs. J. A. Sanche, Neapolis, Alta., writes: "Received the Oxydonor and had it a source of great relief, although I have had it hardly a month. The first night I slept and rested better than for weeks and my bowels began moving regularly every morning while I used the Oxydonor during the night."

My general health is greatly improved. For years I have been compelled to take a physic every day and been subject to severe headaches and nervousness, but find them all disappearing and how thankful I am. My children say I look ten years younger, and I was just sixty-nine years old the 6th of May."

To Our Patrons

and the General Public of The Pass:

Owing to our increasing trade in The Pass we have decided to place an "Ad" in The Frank Paper and let our friends and the general public know from time to time what we have to their advantage.

We claim to have the best Blacksmith and Carpenter Shops West of Winnipeg.

We have between four and five thousand dollars worth of machinery in these shops and everything, even to blowing the fire is run by steam. We have five blacksmiths and two wheelwrights. The combined result is that we are able to turn out work on the very shortest notice and you will find prices right. Trust us with your business and it will receive our careful attention. The next time we will tell you something about our furniture and machinery.

Yours for Business,

Scott Bros. Pincher Creek.
